The U.S. Department of Energy (DOE) announced \$43 million in funding for projects that will advance research, development, demonstration, and deployment (RDD&D) in several areas

"Low Battery Charge" HELP

Have the battery checked at dealers - and just using a multimeter on the battery won't show duff cells in the battery. A new battery-cured mine - any decent auto-electric garage could do it.

Main Battery Change

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??

Secondary Battery

My main battery just died, had it replaced with same, and car kept giving me Battery charging, so no stop start. When stop/start worked, it was for about 10 sec, and car would start, with

Battery Recycling for Businesses

Battery Recycling for Businesses Use the chart below to determine how to handle used batteries generated by your business. Batteries that are considered hazardous must be recycled or managed

Low battery charge message

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at around 80% SOC, to

Main Battery Replacement

Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system , don't ignore it. Like the main battery, Volvo recommend

DOE: CMEI eXCHANGE: Funding Opportunities

The research, development, demonstration, and

deployment (RDD&D) activities to be funded under this NOFO will improve transportation by driving the innovation that can lead to the accelerated

DOE: CMEI eXCHANGE: Funding Opportunities

This Funding Opportunity Announcement will support the Government-wide approach to the climate crisis by driving the innovation that can lead to the deployment of clean energy
