

# Communication green base station equipment lightning protection grounding

## Overview

---

The protection of GSM and base station towers from lightning and overvoltage is provided by integrating external lightning systems, internal lightning systems, earthing, equipotential bonding and LV surge arrester protection techniques within the framework of IEC-62305 standard.

## Communication green base station equipment lightning protection

---

### Communication

Communication is commonly defined as the transmission of information. Its precise definition is disputed and there are disagreements about whether unintentional or failed transmissions are included and

### [What Is Communication? , Oral Communication](#)

The communication process involves understanding, sharing, and meaning, and it consists of eight essential elements: source, message, channel, receiver, feedback, environment, context, and

### UCLA Communication
