

Differences between electricity prices in Mauritania and energy storage electricity prices

Overview

The price for electricity at peak-demand periods is higher and at off-peak periods lower. This is caused by differences in the cost of generation in each period.

Differences between electricity prices in Mauritania and energy storage

Mauritania

The average electricity price in Mauritania has decreased from ~\$17/MWh in 2023 to ~\$15/MWh in 2024. Since 2019, the average electricity price in Mauritania has fluctuated between ~\$13/MWh in 2019 and
