

Do photovoltaic panels have a big role in agriculture

Do photovoltaic panels have a big role in agriculture

[Acute sinusitis: Do over-the-counter treatments help?](#)

Medicine you can get without a prescription may give some relief from acute sinusitis symptoms.

[Osteopathic medicine: What kind of doctor is a D.O.?](#)

You know what M.D. means, but what does D.O. mean? What's different and what's alike between these two kinds of health care providers?

Exercise: How much do I need every day?

You can do strength training by using weight machines or weights, your own body weight, heavy bags or resistance bands. You also can use resistance paddles in the water or do activities

[Automated external defibrillators: Do you need an AED?](#)

An automated external defibrillator (AED) is a portable device that can be used to treat a person whose heart has suddenly stopped working. This condition is called sudden cardiac arrest.

[Agrivoltaics: How combining solar panels and farming](#)

Hybrid solar agricultural projects not only advance the adoption of renewable energy but

also offer unexpected benefits for food and crop producers.

[Comprehensive review on agrivoltaics with technical, environmental](#)

Agrivoltaic systems, which combine crop production and photovoltaic power generation, offer a potential solution by increasing the productivity and land use efficiency. Agrivoltaic systems

[How well do face masks protect against COVID-19?](#)

Face masks can help slow the spread of coronavirus disease 2019 (COVID-19). Learn about mask types, which masks to use and how to use them.

Arthritis pain: Do's and don'ts

Arthritis is a leading cause of pain and limited mobility worldwide. There's plenty of advice on managing arthritis and similar conditions with exercise, medicines and stress management. But

[Weight training: Do's and don'ts of proper technique](#)

You might learn weight training techniques by watching friends or others in the gym, but sometimes what you see isn't safe. Weight training technique that isn't proper can lead to muscle

[Why Farmers Are Shielding Their Crops With Solar](#)

Partial shading farms with solar panels increases crop production all over the world. This means more low-cost green energy, more food, and more

Triglycerides: Why do they matter?

Why do high triglycerides matter? High triglycerides may contribute to hardening of the arteries or thickening of the artery walls, called arteriosclerosis. This condition increases the risk of

[Agrivoltaics creates dual income for small farms](#)

But what if the same acreage could house solar panels and still produce crops? Agrivoltaics - the practice of combining solar energy with

[On-farm agrivoltaic impacts on main crop yield: the roles of shade](#)

Agrivoltaic systems, which integrate agricultural production with photovoltaic energy generation, have garnered attention for their dual-use potential.

[Cardiopulmonary resuscitation \(CPR\): First aid](#)

Cardiopulmonary resuscitation (CPR) is an emergency treatment that's done when someone's breathing or heartbeat has stopped. For example, when someone has sudden cardiac

[A Review of Agrivoltaic Systems: Addressing](#)

Agrivoltaics is a relatively new term used originally for integrating photovoltaic (PV)

systems into the agricultural landscape and expanded to

[Aerobic exercise: How to warm up and cool down](#)

If you do stretching exercises as part of your workout routine, it's best to do them after the warm-up or cool-down phase. Then the muscles are warm when you stretch. Stretching can

[Agrivoltaics: Pairing Solar Power and Agriculture in the](#)

Agrivoltaics could provide an energy and agricultural solution. A recent Oregon State University study found that converting less than 1% of U.S. agricultural
