

Electric vehicle adoption kenya

Support photovoltaic input and AC mains input
Suitable for home energy storage and emergency backup power supply

The image features a large white energy storage unit on the left. To its right is a text box with two lines of text. Below the text is a framed image showing various smart home appliances: a range hood, a water purifier, a refrigerator, a gas stove, and a laptop.

Overview

The National Electric Mobility Policy is Kenya's official framework for adopting and regulating electric vehicles (EVs) across all transport categories. This covers motorcycles and bicycles and also buses, private cars and commercial fleets.
