

If you want to use wind to generate electricity

Overview

Wind turbines use blades to collect the wind's kinetic energy. Wind flows over the blades creating lift (similar to the effect on airplane wings), which causes the blades to turn.

If you want to use wind to generate electricity

[How To Generate Electricity From Wind Energy At Home](#)

This guide provides a comprehensive guide on how to convert wind energy into electrical energy at home, aiming to create a cleaner environment. Home-built wind turbines are available in
