

Nts radio oral history

Overview

Channelling the DIY energy of pirate radio while prioritising total musical freedom for show hosts and a desire to cover every genre imaginable across its sprawling, wildly diverse programme, NTS has revolutionised online radio - setting a blueprint that countless others have followed.

Nts radio oral history

Change Custom Scale to Display NTS

Running AutoCAD 2021, I don't see an overly-obvious way of going about this, but is there a way to change the viewport scale text field to display "NTS" instead of "Custom" at every

NTS , Don't Assume

The NTS stage is returning to Southwark Park in 2026 for another edition of RALLY festival.

An oral history of NTS Radio

Channelling the DIY energy of pirate radio while prioritising total musical freedom for show hosts and a desire to cover every genre imaginable

Standard Scales Used on Drawings

Nothing at all. In the title blocks of mine I always put NTS for a scale factor. Should I miss a dimension on a drawing - I want a client of mine to call me up and find out - what the missing

TEXTFILES DOT COM

The American Radio Relay League was founded by Hiram P. Maxim primarily as a long distance radio relay system. By the end of 1915, over 600 stations in almost every state and province had been

The National Traffic System

The National Traffic System (called NTS) got it's beginnings in 1914 when the ARRL was founded by Hiram Percy Maxim to formalize a system of transmitting messages across the country.

viewport title not to scale

Add a N.T.S. piece of text in the family and assign it another Yes/No type parameter named NTS. Enter "not (Auto Scale)" in the formula box for the NTS parameter so that if one is ON,

Custom parameter assigned to views

Hello, Has anyone tried to bind a custom shared parameter to views? I have sucessfully done this but I'm finding that my parameter (NTS, yes/no) is editable on drafting views but read only

Changing the scale value to NTS

A (hopefully) quick question: When I add a rendering view to a sheet, the scale shown in the view annotation is 12" = 1'-0". Can this be changed to "NTS"? The Scale Value parameter is

['We ripped up the rule book' - how NTS radio took over](#)

Since launching from a tiny studio in Hackney in 2011, NTS has grown from a local experiment into a global phenomenon with a dedicated cult following. Emma

NTS Radio explained

NTS Radio (also known as NTS Live or simply NTS) is a music radio platform which was founded in 2011 in Hackney, East London by Femi Adeyemi "for an international community of music lovers".

NTS an Introduction

Radiogram Address To: Name, call sign (if going to a ham), street address or P.O. Box, city, state (abbreviated) & zip code. Note: Digital and packet NTS messages are routed via zip code.

The rise and rise of NTS Radio

I met up with NTS 's Femi Edmund Adeyemi and Clair Urbahn outside their studio in Gillet Square back in March to talk about the revitalised

NTS Radio

Overview
Notable projects, collaborations and partners
Origins
Programming and creative
Awards

NTS has worked with a variety of collaborating music partners, brands, arts institutions and public bodies. Every month, NTS curates live music experiences at the Tate Lates event series at the Tate Modern gallery in London - an event that is co-sponsored by clothing brand Uniqlo. NTS has an artist development programme called Work In Progress, which aims to take six artists to the next stages of their musical careers. Supported by Carhartt, Work In Progress is run in partnership with Arts Council England

Solved: SetGeoCoordinateSystem

Solution Approach: Use a Spatial Reference Library: The most reliable way to handle this is to use a spatial reference library like NetTopologySuite (NTS) or ProjNet4GeoAPI. These

Drawings or PDF NTS

Hi, >> I converted a drawing to PDF. When I

scaled it to 1:20 before saving as a PDF Please, never scale a geometry. Simply create a layout, create one or more viewports and assign

Change view to read "Not to Scale"

Solved: I'm using an inserted image from google as a detail and want the view scale to read "Not to Scale" Is there an easy way to do this?

Solved: Dimension Break

Hello, I have a view with a break. I want to put a joggle or a couple of lines on the dimension line to indicate the break. Can I do this in Inventor ? See attached snip.

Solved: Modify scale to NTS in sheet

Solved: Please help I want to change the scale in my sheet to NTS.
