

Plant solar power generation controller

Overview

A Power Plant Controller (PPC) is used to regulate and control the networked inverters, devices and equipment at a solar PV plant in order to meet specified setpoints and change grid parameters at the Point of Interconnect (POI).

Winter Silhouette

Does anyone know of a eastern tree, suitable for zone 6, that has an interesting winter silhouette? I like the look of a black gum a few streets over, but I want to make sure that I do't over
