[Where did "the price of tea in china" come from?](#)

The price of tea in China, at that time, indeed affected a great deal of economic activity, and was thus relevant to quite a few topics (even though the relevance may not have been

adjectives

Price can be a noun (the price of an item) or a verb (to set the price of an item). Moreover, the word priced can be used as an adjective, particularly in combination with other words

meaning

Price point means a point on a scale of possible prices at which something might be marketed; its meaning is different from the meaning of price, which is (principally, but not only) the

"Prices of" vs "prices for"

The preposition "OF" is used here to indicate that the price belongs to/is used in relation with prices of spare parts. Now, the definition of "FOR" as a preposition- For Used to indicate the use
