[Americans Broadly Disapprove of U.S. Military Action in Iran](#)

About this research This Pew Research Center analysis examines Americans' views of the U.S. military action against Iran, which began in February 2026. Pew Research Center conducts

[Executive summary - Batteries and Secure Energy Transitions](#)

Battery storage in the power sector was the fastest growing energy technology in 2023 that was commercially available, with deployment more than doubling year-on-year.

Teens, Social Media and Mental Health

Parents are more worried than teens about teen mental health. Both groups - especially parents - partly blame social media. But teens also see benefits.

[Analysis Of the Latest Advancements and Prospects in](#)

Additionally, this study introduces several optimization strategies

Login to ResearchGate

Login to ResearchGate to access millions of publications and connect with researchers worldwide.

[Battery technologies for grid-scale energy storage](#)

This Review discusses the application and development of grid-scale battery energy-storage technologies.

[Battery storage to drive lithium demand growth globally](#)

Grid-scale battery energy storage systems will become a growing part of lithium consumption in 2026, underpinned by an increasing emphasis on grid stability amid the transition to renewable energy

[Advanced Lithium-Ion Energy Storage Battery](#)

Due to increases in demand for electric vehicles (EVs), renewable energies, and a wide range of consumer goods, the demand for energy storage batteries has

[Advancements in Li-Ion Battery Materials for Battery Energy Storage](#)

Battery Energy Storage Systems (BESS) play a crucial role in modern energy systems, driven by the increasing demand for grid stabilization, electric vehicles (E

[From Present Innovations to Future Potential: The](#)

Advances in material science and electrode engineering, coupled with rising demand for high-performance rechargeable batteries, underscore the

Teens, Social Media and Technology 2024

Pew Research Center conducted this study to better understand teens' use of digital devices, social media and other online platforms. The Center conducted an online survey of 1,391

[Advancing energy storage: The future trajectory of lithium-ion battery](#)

By bridging the gap between academic research and real-world implementation, this review underscores the critical role of lithium-ion batteries in achieving decarbonization, integrating

[Advancements and challenges in lithium-ion and lithium-polymer](#)

Abstract Lithium-ion (LI) and lithium-polymer (LiPo) batteries are pivotal in modern energy storage, offering high energy density, adaptability, and reliability.

[Lithium-based batteries, history, current status.](#)

A challenge facing Li-ion battery development is to increase their energy capacity to meet the requirements of electrical vehicles and the demand

[\(PDF\) What is research? A conceptual understanding](#)

Search , ResearchGate

Find the research you need , With 160+ million publication pages, 1+ million questions, and 25+ million researchers, this is where everyone can access science

This research article explores the essence, functions, and process of research, with a specific focus on scientific research. In addition, it delves into the characteristics of scientific research

(PDF) What is research?

Research has to have an element of discovering something new, of creating knowledge. While a literature search is one important part of a research project, it isn't research in and of itself.

[Pew Research Center , Nonpartisan, nonadvocacy, public opinion](#)

Pew Research Center is a nonpartisan, nonadvocacy fact tank that informs the public about the issues, attitudes and trends shaping the world.
