

Solar battery cabinet current capacity

Battery String-S224

- 1C Charge/Discharge
- Easy configuration and maintenance
- Power supply can be single battery string or parallel battery strings

Overview

To find the capacity in Ah that you need, you simply convert the Wh figure using your chosen system voltage (V). You would then look for a battery bank configuration that provides a minimum of 139 Ah at 48V.

Solar battery cabinet current capacity
