[SmartFlower Solar Review: The True Cost of a Solar Flower](#)

How Is smartflower Different Than Rooftop Solar? How Much Does The smartflower Cost? Important smartflower Considerations Is The smartflower Worth It? The answer to this question depends on what your goals are for your home's solar energy system. If you care about design and ease of use more than cost-effectiveness, and also do not need to cover all of your energy needs with one system, then the SmartFlower solar panel system can be a good option for you. Alternatively, a rooftop or traditional g See more on solar CNET

Smartflower Solar Review: Beautiful Solar for Up to

What is Smartflower solar? Smartflower isn't a science fair solar project. It's a large solar robot that Gordon says can generate up to 6,500 kilowatt-hours per year
