["Do" vs. "Does": How Do You Tell The Difference?](#)

Both do and does are present tense forms of the verb do. Which is the correct form to use depends on the subject of your sentence. In this article, we'll explain the difference between do

Base station

OverviewLand surveyingComputer networkingWireless communicationsSee also

In the context of external land surveying, a base station is a GPS receiver at an accurately-known fixed location which is used to derive correction information for nearby portable GPS receivers. This correction data allows propagation and other effects to be corrected out of the position data obtained by the mobile stations, which gives greatly increased location precision and accuracy over the results obtained by uncorrected GPS receivers.
